SUCCESS STARTS HERE.

centralizing library services

Success starts here. The library is where students and faculty study, collaborate, research, write and learn. With your needs in mind, we're beginning to centralize our library services at one desk on the first floor of Library North. This will begin with:

- **Research consultations** with an expert librarian every Sunday from 2–6 pm at the main desk on Library North's first floor.

In order to make the most of your time using the library, we also offer:

- **Research essentials workshops** every Friday at noon in Classroom 2 on the second floor of Library North. Topics covered include academic honesty and discovering articles, books and more.

Later this year all library services from checkout to research support will be found at the main desk on the first floor of Library North. Further changes to come include a print kiosk and a technology support area.

it's easy being green

We estimate that our paper usage decreased by 30% since double-sided printing became the default setting for all black and white printers in the library.

That's roughly 750,000 sheets! We're proud to be environmentally friendly while saving you money. Here's a reminder of our printing prices:

- Double-sided = 8 cents/sheet
- Single-sided = 5 cents/sheet

This setting can be changed in the print preferences for your individual job.

The default setting for the color printer on Library North 2 is still single-sided. You can print duplex on this printer if you adjust the preferences.

- Color Double-sided = 40 cents/sheet
- Color Single-sided = 25 cents/sheet

the road to diversity

The Changing Face of GSU: The Road To Diversity is an exhibit celebrating Georgia State's centennial by focusing on its evolution from a night school for white businessmen to a diverse campus committed to providing the highest quality of education in an inclusive environment. This display features unique photos and facts from Georgia State University Library's Special Collections and Archives.

This exhibit is next to the Library South entrance. Throughout 2013 the library plans to continue the centennial celebration with more exhibits about Georgia State University's unique history.
