The publisher for this copyrighted material is the American Society for Microbiology (ASM). By clicking "accept" in connection with completing this licensing transaction, you agree that the following terms and conditions apply to this transaction (along with the Billing and Payment terms and conditions established by Copyright Clearance Center, Inc. ("CCC"), at the time that you opened your Rightslink account and that are available at any time at <http://myaccount.copyright.com>).

1. ASM hereby grants to you a non-exclusive license to use this material. Licenses are for one-time use only with a maximum distribution equal to the number that you identified in the licensing process; any form of republication must be completed within 1 year from the date hereof (although copies prepared before then may be distributed thereafter); any permission for electronic format posting is limited to the edition/volume of that online publication. The copyright of all material specified remains with ASM, and permission for reproduction is limited to the formats and products indicated in your license. The text may not be altered in any way without the express permission of the copyright owners.
2. The licenses may be exercised anywhere in the world.
3. You must include the copyright and permission notice in connection with any reproduction of the licensed material, i.e. Journal name, year, volume, page numbers, DOI and reproduced/amended with permission from American Society for Microbiology.
4. The following conditions apply to photocopies:
 - a. The copies must be of high quality and match the standard of the original article.
 - b. The copies must be a true reproduction word for word.
 - c. No proprietary/trade names may be substituted.
 - d. No additional text, tables or figures may be added to the original text.
 - e. The integrity of the article should be preserved, i.e., no advertisements will be printed on the article.
 - f. The above permission does NOT include rights for any electronic reproduction - CD ROM, diskette or in any other format.
5. The following conditions apply to translations:
 - a. The translation must be of high quality and match the standard of the original article.
 - b. The translation must be a true reproduction word for word.
 - c. All drug names must be generic; no proprietary/trade names may be substituted.
 - d. No additional text, tables or figures may be added to the translated text.
 - e. The integrity of the article should be preserved, i.e., no advertisements will be printed on the article.
 - f. The permission does NOT include rights for any electronic reproduction - CD - ROM, diskette or in any other format.
 - g. The translated version of ASM material must also carry a disclaimer in English

and in the language of the translation. The two versions (English and other language) of the disclaimer MUST appear on the inside front cover or at the beginning of the translated material as follows:

The American Society for Microbiology takes no responsibility for the accuracy of the translation from the published English original and is not liable for any errors which may occur. No responsibility is assumed, and responsibility is hereby disclaimed, by the American Society for Microbiology for any injury and/or damage to persons or property as a matter of product liability, negligence or otherwise, or from any use or operation of methods, products, instructions or ideas presented in the Journal. Independent verification of diagnosis and drug dosages should be made. Discussions, views, and recommendations as to medical procedures, choice of drugs and drug dosages are the responsibility of the authors.

- h. This license does NOT apply to translations made of manuscripts published ahead of print as "[ASM Journal] Accepts" papers. Translation permission is granted only for the final published version of the ASM article. Furthermore, articles translated in their entirety must honor the ASM embargo period, and thus may not appear in print or online until 6 months after the official publication date in the original ASM journal.
6. E-Books must be password protected. E-Book permission is only granted for those requests that meet ASM's definition of an E-Book, as follows: An E-Book is the electronic version of a textbook that can be ordered on-line and used instead of the printed text. Students are given a pass-code and they are allowed to download it once to their desktop. Restricted access means that students are not permitted to share an account. No other electronic book uses are permitted.
 7. While you may exercise the rights licensed immediately upon issuance of the license at the end of the licensing process for the transaction, provided that you have disclosed complete and accurate details of your proposed use, no license is finally effective unless and until full payment is received from you (either by ASM or by CCC) as provided in CCC's Billing and Payment terms and conditions. If full payment is not received on a timely basis, then any license preliminarily granted shall be deemed automatically revoked and shall be void as if never granted. In addition, permission granted is contingent upon author permission, which you MUST obtain, and appropriate credit (see item number 3 for details). If you fail to comply with any material provision of this license, ASM shall be entitled to revoke this license immediately and retain fees paid for the grant of the license. Further, in the event that you breach any of these terms and conditions or any of CCC's Billing and Payment terms and conditions, the license is automatically revoked and shall be void as if never granted. Use of materials as described in a revoked license, as well as any use of the materials beyond the scope of an unrevoked license, may constitute copyright infringement and ASM reserves the right to take any and all action to protect its copyright in the materials.

8. ASM reserves all rights not specifically granted in the combination of (i) the license details provided by you and accepted in the course of this licensing transaction, (ii) these terms and conditions and (iii) CCC's Billing and Payment terms and conditions.
9. ASM makes no representations or warranties with respect to the licensed material and adopts on its own behalf the limitations and disclaimers established by CCC on its behalf in its Billing and Payment terms and conditions for this licensing transaction.
10. You hereby indemnify and agree to hold harmless ASM and CCC, and their respective officers, directors, employees and agents, from and against any and all claims arising out of your use of the licensed material other than as specifically authorized pursuant to this license.
11. This license is personal to you, but may be assigned or transferred by you to a business associate (or to your employer) if you give prompt written notice of the assignment or transfer to the publisher. No such assignment or transfer shall relieve you of the obligation to pay the designated license fee on a timely basis (although payment by the identified assignee can fulfill your obligation).
12. This license may not be amended except in a writing signed by both parties (or, in the case of ASM, by CCC on ASM 's behalf).
13. Objection to Contrary terms: ASM hereby objects to any terms contained in any purchase order, acknowledgment, check endorsement or other writing prepared by you, which terms are inconsistent with these terms and conditions or CCC's Billing and Payment terms and conditions. These terms and conditions, together with CCC's Billing and Payment terms and conditions (which are incorporated herein), comprise the entire agreement between you and ASM (and CCC) concerning this licensing transaction. In the event of any conflict between your obligations established by these terms and conditions and those established by CCC's Billing and Payment terms and conditions, these terms and conditions shall control.
14. The following terms and conditions apply to Commercial Photocopy and Commercial Reprint requests and should be considered by requestors to be additional terms. All other ASM terms and conditions indicating how the content may and may not be used also apply.

Limitations of Use:

The Materials you have requested permission to reuse in a commercial reprint or commercial photocopy are only for the use that you have indicated in your request, and they MAY NOT be used for either resale to others or republication to the public. Further, you may not decompile, reverse engineer, disassemble, rent, lease, loan,

sell, sublicense, or create derivative works from the Materials without ASM's prior written permission.

15. Revocation: This license transaction shall be governed by and construed in accordance with the laws of Washington, DC. You hereby agree to submit to the jurisdiction of the federal and state courts located in Washington, DC for purposes of resolving any disputes that may arise in connection with this licensing transaction. ASM or Copyright Clearance Center may, within 30 days of issuance of this License, deny the permissions described in this License at their sole discretion, for any reason or no reason, with a full refund payable to you. Notice of such denial will be made using the contact information provided by you. Failure to receive such notice will not alter or invalidate the denial. In no event will ASM or Copyright Clearance Center be responsible or liable for any costs, expenses or damage incurred by you as a result of a denial of your permission request, other than a refund of the amount(s) paid by you to ASM and/or Copyright Clearance Center for denied permissions.
