SUBJECT SPECIALIST LIBRARIANS

The library has **subject specialist librarians** assigned to each department on campus. These expert librarians provide in-class instruction that helps increase your ability to conduct research efficiently and effectively. Our subject specialist librarians also offer research consultations, providing personalized assistance in locating and evaluating resources with our various research tools.

Subject specialist librarians are happy to work one-on-one with you to provide individual research consultations and will even focus on degree related projects and assignments. Find your department's subject specialist at library.gsu.edu/research.

WRITING ASSISTANCE & ESL TUTORING

Do you need either general writing assistance or ESL tutoring? The Georgia State University Library can provide both for you!

Writing coaches are available to provide constructive criticism, basic grammatical advice, and coaching on the scholastic writing process. While coaches are happy to help you improve your writing, they cannot provide copy-editing or proofreading services.

In addition, the Department of Applied Linguistics and ESL/IEP offer tutoring in the Georgia State University Library on Library North 2. ESL tutoring provides students an opportunity to receive expert assistance in improving their written and oral English skills.

For further information check the tutoring schedule for both services at the Research Support Desk on Library North 2 or online at: library.gsu.edu/learningcommons.

Over 1.5 million people come through the Georgia State University Library's doors each year. It provides the university community with access to extensive information resources; assistance with research; state-of-the-art computer stations; and a comfortable space to meet, learn and relax in.

The Library is truly universal on campus. It is the center that unites the entire university.
