centralizing library services

Success starts here. The library is where students and faculty study, collaborate, research, write and learn. With your needs in mind, we’re beginning to centralize our library services at one desk on the first floor of Library North. This will begin with:

1. Research consultations with an expert librarian every Sunday from 2–6 pm at the main desk on Library North’s first floor.

In order to make the most of your time using the library, we also offer:

2. Research essentials workshops every Friday at noon in Classroom 2 on the second floor of Library North. Topics covered include academic honesty and discovering articles, books and more.

Later this year all library services from checkout to research support will be found at the main desk on the first floor of Library North. Further changes to come include a print kiosk and a technology support area.

We estimate that our paper usage decreased by 30% since double-sided printing became the default setting for all black and white printers in the library. That’s roughly 750,000 sheets! We’re proud to be environmentally friendly while saving you money. Here’s a reminder of our printing prices:

- Double-sided = 8 cents/sheet
- Single-sided = 5 cents/sheet

This setting can be changed in the print preferences for your individual job.

The default setting for the color printer on Library North 2 is still single-sided. You can print duplex on this printer if you adjust the preferences.

- Color Double-sided = 40 cents/sheet
- Color Single-sided = 25 cents/sheet

Later this year all library services from checkout to research support will be found at the main desk on the first floor of Library North. Further changes to come include a print kiosk and a technology support area.
