## Combined Elements

Noticing some changes around here? In the last few years we've gone from 5 service points down to 2 main desks. This is to simplify your experience using the library. This consolidation of services is almost finished. Here's what you'll find, and where it's at.

Library Services – Library North 1	
Research assistance.	Borrow and renew materials.
Subject librarian consultations.	Request reserves, media or storage items.
Find books, articles and more.	

Technology Services – Library North 2	
Hardware support	Library laptop and equipment checkout, including graph calculators, netbooks and flip cameras.
Help with Desire 2 Learn, PAWs and Outlook	

Finally, a new print kiosk on Library North 1 will now have 4 print release stations as well as office supplies you may need like staplers, paper clips and more.

### Charged = Connected

You need technology to study. But what if your battery's down to 10%? To accommodate your devices the library has added charging stations through the facility.

Each station holds up to 8 devices, with 4 Apple, 3 Micro USB and 1 mini USB cables. They are currently located on Library North 1, 2 and 4. Remember though... don't leave your stuff unattended!

## Collaborate & Visualize

Wouldn't it be cool if you had a giant touch screen when you're collaborating with a group on a project? Gone are the days of trying to huddle around a 10-inch tablet or laptop screen with your friends. Later this summer, check into one of our new V-Rooms and use state-of-the-art technology to get the job done!

Each V-Room has a 60-inch interactive display system running on Windows 8 and using gesture based computing. There's a PC already running in each room or you can connect your own device, whether it's a laptop, tablet or smart phone.

The V-Rooms are next to our Technology Services Desk on the second floor of Library North. Go there to book a room and check out a kit that includes a wireless keyboard, a wireless mouse and all the cables you'll need to connect.

Get virtual. Get visual. Get a V-Room.
